

## Data for preparation of random/structured packing quotations

Operating data					
Gas			Liquid		
Name of the gas:			Name of Liquid:		
Gas Volume flow(operating conditions)	m <sup>3</sup> /h		Liquid content	Kg/m	
Gas Density(operating condition)	Kg/m <sup>3</sup>		Liquid density	Kg/m <sup>3</sup>	
Gas Viscosity	mm <sup>2</sup> /s(cP)		Viscosity of the liquid	cP	
Operating temperature	°C		Surface tension	mN/m	
Operating press	Bar				
Geometrical Data					
Packing Type and size(if known)					
Packing height		mm			
Column diameter		mm			
Requirement					
Material					
Miscellaneous
